

**CLUB MEMBERSHIP AGREEMENT**  
**Right To Choose Healthy Food's RAWESOME CLUB**

[Right to Choose Healthy Food of P.O. Box 176, Santa Monica, CA. 90406-0176; email: optimal@earthlink.net.]

I, \_\_\_\_\_, attest that as a member of this club, I demand access to food that 1) is produced without exposure to chemical contaminants such as industrialized pesticides, fertilizers, cleansers or their gases; 2) is not subjected to artificial temperatures above 99 degrees Fahrenheit (F.), dairy not below 36 degrees F., and meats not below 36 degrees F. ; 3) is complete with its natural unadulterated enzymes intact; 4) may contain microbes, including but not limited to salmonella, E.coli, campylobacter, listeria, gangrene and parasites; 5) the cows are grass-fed and the goats are pastured; 6) fowl are free-range outdoors and not fed soy products; and 7) the eggs are unwashed and may have bacteria and poultry feces on them.

I fully understand that these features represent a different paradigm for food preparation, storage and safety than those that are currently enforced by most local, state and federal government agencies. As a member of this Club, I fully trust its administrative members to ensure that the preparation, handling and packaging of the food obtained through this Club meet the standards I set forth above. I affirm that no government regulations apply to our products and that regulatory agencies have no jurisdiction over any of our products I obtain through this Club.

Because the standards currently enforced by government agencies cause industrial chemical contamination whose effects on my health may be severe, immediately or cumulatively, and have the effect of denying me access to the quality of milk and other foods I require to improve and maintain my health, I reject those standards and any attempt by any government agency to regulate food production, preparation, packaging or labeling for this Club. I affirm that any government-agency would exceed its authority if it were to require members of this club to testify on any such matters. In case any government-proceeding relating to the application of government standards or interference to this club, I will be available to testify about any activities by government employees, not limited to trespass, conspiracy, excessive force, confiscating (stealing) and kidnapping (false arrest).

I affirm that I am not acting under color of law or in any way disguising my motives, acting on behalf of any agency, person, or other entity in order to entrap, hurt, gather information about, or testify against members of this club and thereby affect this Club, Right To Choose Healthy Food, their members or their purposes.\* By my signature below and with payment of twenty-five dollars (\$25), I join this Club and testify that I fully subscribe to this Club Membership Agreement. This agreement confers on me an ownership interest in farm animals and other food products produced for distribution among the members of this Club. Any money I pay upon acquiring my food is payment for services rendered by farmer, workers and his/her agents. I agree that my food I acquire through this club is for my household's use and I am fully responsible for its use. I will not hold this Club or Right To Choose Healthy Food responsible for any effects of its use. I reaffirm that the food I acquire through this Club is not subject to government regulation because I own the food on the farm and am not engaging in commerce.

I accept and appreciate the primitive building structures that exist on the property for this club. They do not cause any impairment to food safety or quality and help keep costs lower for obtaining my preferred food. I understand that my membership in the Club requires annual renewal in January of each year regardless of month initially joined. The cash or attached check made payable to Right To Choose Healthy Food pays for my membership in Right to Choose Healthy Food's Rawesome Club and is given to Rawesome Club, 665 Rose Avenue, Venice, CA 90291.
